

Task 1:

- Potential sites = 15
- Total acres = 2867.167
- Acres of wetlands within ¼ mile of hiking trails = 149.220
- Acres of sand dune communities within ½ mile of hiking trails = 817.619
- Miles of park trails are actually located on roadways = 62.58
- Acres of Red/White pine suitable =1358.70

Task 2:

- Campgrounds within 800m of the lake superior shoreline = 18
- Cliffs, cliffs group, potato patch, mosquito group, mosquito, chapel, coves group, coves, beaver creek, pine bluff, trappers, trappers group, sevenmile, sevenmile group, benchmark, masse homestead group, au sable point, au sable group.
- Coves

Cover type	Acreage
Beach strand	32.53
Cedar + white cedar	1183.45
Cleared area	6.98
Hemlock	50.06
Northern hardwoods	6898.25
Red & white pine	984.50
Red pine	26.98
Water	947.45
Wetland shrub	137.63
Wetland shrub bog	34.60

- Campgrounds located within 100m of a river = beaver creek
- Campgrounds located within ½ mile of NCT = 19
 Au sable group, au sable point, beaver creek, benchmark, chapel, cliffs, cliffs group, coves, coves group, masse homestead, masse homestead group, mosquito, mosquito group, pine bluff, potato patch, sevenmile, sevenmile group, trappers, trappers group.
- Miles of NCT located on roads = 3.18
- Yes
- For example

Campground	Slope
Back country	0.809
