1. **Attendance**
   - Amy Van Steen
   - Auriel VanDerLaar
   - Andrew Kozich
   - Karl Romanowicz
   - Drew Ballantyne
   - Aleta Daniels
   - Sinan Abood

2. **Recap** – The owner of the two large properties are willing to work with the Keweenaw Land Trust (KLT) to conserve the land. KLT is also trying to obtain connecting property. KLT is also working with the landowner that is developing his property, to be able to conserve the riparian zone around the river. In order to do this, KLT would like us to groundtruth the area and see what the area looks like.

3. **Maps** – Evan has not yet sent the GIS maps to Sinan. He has decided to make his own maps, using NWI maps and Google maps until Evan sends him the actual maps.

4. **Tentative Trip Date** – We have decided that Saturday, November 11 will be the best day to do this project. We would meet at the Nara Trails at 8:30 am. Before we can go ahead with this, Karl will contact Evan about the maps, how to access the plot, and make sure we have permission to go on the property.

*** NEXT MEETING: WEDNESDAY, NOVEMBER 10 AT 10:30 AM ***
FORESTRY ATRIUM
